leading the way to
innovative workspaces...

CDI Furnishings is pleased to present...

DIRTT, the modular wall system.

Doing It Right This Time

This versatile product makes it even more possible for CDI Furnishings to be your "one source, endless solution supplier".

Create a unique, responsive, and sustainable workspace through DIRTT's Agile Architectural Solutions!

From its conception DIRTT has been a leader in environmental responsibility by creating sustainable interiors and abiding by the 3 R's of environmental stewardship;

- Reduce (construction waste)
- Reuse (architectural elements)
- Recycle (when all else has failed)

DIRTT is proud to be a member of the U.S. Green Building Council and a staunch promoter of LEED (Leadership in Energy and Environmental Design).

- accommodates power, data and lighting
- supports furniture, shelving and storage units of all types
- optional in veneer, glass (clear, painted or textured), aluminum, fabric, presentation screens, whiteboards or customize to meet your specific requirements
- create your own unique look – each side of each wall can be different
- fixed lead times
- fixed costs
- painless reconfigurations
- limited on-site construction mess
- DIRTT modular walls versus drywall – an environmentally friendly solution

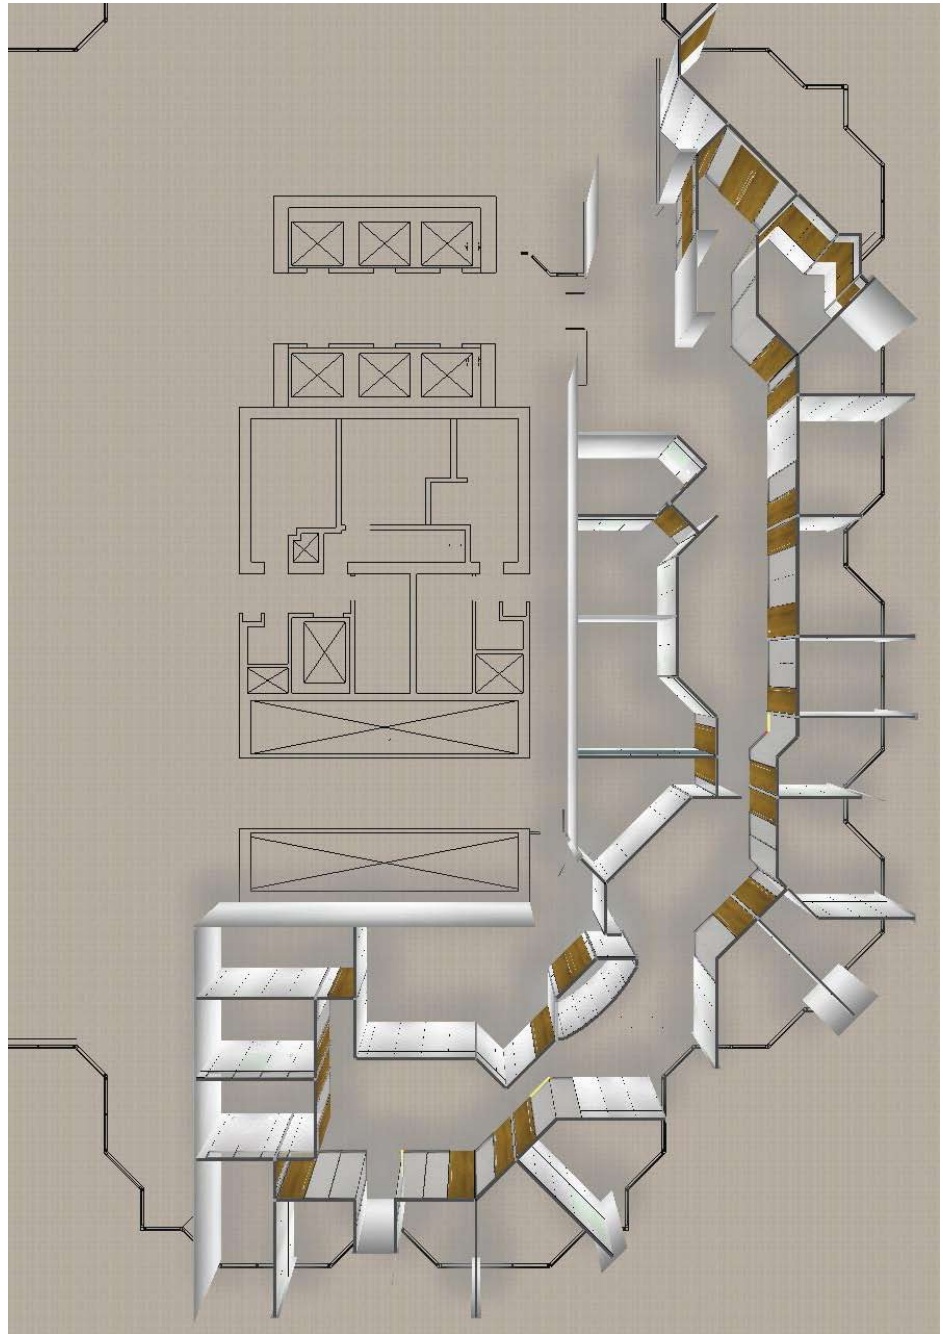

ICE – DIRTT's revolutionary software for modular workspace design.

Choose colors, finishes and layouts while behind the scenes the software looks after the product specification and tallies up parts and pieces needed for your project! With ICE, changes to your layout or design are painless and you can view what your potential workspace will look like in the planning stages.

Providing you with the freedom to create unique commercial environments.

- Consultation
